

GOING, GOING...

Gone before you know it. There are only 165 cases of the seasonal Saphir Bock and you have been selected as one of Mark's favorite restaurants to get a shot at them. Here's why you should.

Eric Toft, our brilliant brewmaster from the Private Landbrauerei Schönram, has made a pale colored Bock beer with a single strain of Hallertau Hops called "Saphir." It is the hoppiest beer Eric produces but it is still elegant in the usual Schönramer Style. Lagered over three months, its sweet and hoppy flavor packs a blithesome 8% ABV wallop.

The Saphir will arrive and be delivered on May 20th.

Price - \$45 per case of 20 .33ltr. bottles only FOB.

UPC: 4 036328 000138
